Why need for Specialised seminar on “Debtor and Industry Protection through Insurance - Need of MSME Sector”

In the last 20 years profile of Indian economy has changed. Today the Indian economy is one of the fastest growing in the world and the growth & success of MSME is critical for maintaining India’s growth story.

The Micro, Small and Medium Enterprises (MSME) are key contributors to the Indian economy both in terms of employment and industrial output. It is important for them to understand the importance of Risk Assessment, need for covering the risks, buy Insurance to protect its assets, liability, which may arise due to various reasons /calamities.

Access to insurance can play a significant role in mitigating risks faced by micro, small, medium enterprises (MSMEs) by smoothening consumption, building assets, absorbing shocks, and managing risks associated with irregular and unpredictable income. Yet, standard insurance services are out of reach of the millions of disadvantaged. Proper risk management reduces the likelihood that risks will materialize and, if it does, insurance reduces or eliminates the financial impact. Insurance can make MSMEs resilient to shocks, making them more financially sound.

Against this Backdrop, Insurance Committee of PHD Chamber is organising Seminar on "Debtor’s Insurance- Needs of MSME Sector" on Tuesday, 10th April 2018 at PHD House, New Delhi.
