☎ : 011-46581577    📠 : 76786 89961    ✉ : [vp@ifingo.org](mailto:vp@ifingo.org)    🌐 : [www.ifingo.org](http://www.ifingo.org)

## Why the need for Specialized Industry Focused Training Programme on Emerging Risks and Liability Insurance?

In the last 20 years, profile of Indian economy has changed from basic industry and we are seeing large growth in Servicing Industry, as a result, it has become a significant player in the growth of Indian economy. IT, e-commerce, exports, project exports, acquisition of companies in foreign countries by Indian Companies or inflow of PE, VC Funding from foreign investors in Indian companies especially in Pharma, IT and e-commerce is resulting in changes in Board Room and the way in which risk is perceived and handled. These changes have ever resulted in the need for Insurance Policies as a part of Shareholders agreement being signed between Indian Promoters & Strategic Investors or PE/VC funds.

As an outcome of the provision of Indian Companies Act – need for independent/ women directors has increased and consequently importance of D+OE Insurance policy has increased.

We come across need for buying of D & OE insurance Policy or 3rd party liability insurance policy as a requirement clearly recorded in shareholders' agreement. Now a day's 3rd party liability insurance policy is required by RWA or owner of the building for getting license from Government authorities in Haryana for issuing license for operating lifts in Multistory towers.

Commercial General Liability Insurance is for protecting the interests of corporate clients operating within India/ abroad.

## Objectives of the Training Programme

- Risk perception faced by Indian Companies & Exporters.
- Risk perception of non-executive/ independent/ female directors joining board of Indian Companies.
- D & O E Insurance: Need of modern industry.
- Legal Issues arising due to complex legal agreements among:
  1. Vendors and OEM Customers.
  2. Strategic Partners and Technology Providers.
- Impact of Social Media and interaction among customers/ opinion makers spread all over the world.
- Role of NGO's.

## Topics to be covered

During this Training programme high level of clarity will be achieved by discussing the following:

- Good understanding of Risk analysis in the changed scenario.

- Human resource aspects & its correlation with D&OE policy.
- D & OE/ Errors & Omissions: Need of IT Industry, BPO, KPO or E-Commerce supported by case studies within India and abroad.
- #MeToo type cases – Do we have an Insurance Coverage for such movements?
- Learnings from case studies showing the impact of Social Media/ Consumer Activists/ NGO's/ Human Rights Groups.

## Who Should Attend the Training Programme (Target Participants)?

This will be an opportunity for you to upgrade yourselves to handle Risk Perception due to changing requirements in the economy. This is a good opportunity for:

- Directors/ Independent Directors.
- CEO's.
- CFO's.
- HR Managers.
- Company Secretaries.
- Specialists handling underwriting / business development / claims pertaining to Liability Insurance in :
  1. Insurer Firms.
  2. Insurance Broking Firms.
- Insurance Manager of Corporate.
- Insurance Institutes/ Academic Faculty/ Students.
- Lawyers/ Law Firms
- Academic – Faculty

## What you can expect from the Training Programme?

Increasing exports is very good for Indian manufacturers/ exporters as well as our country but this also increases the responsibility of corporate as any hiccup can result in loss of image/ heavy liability in the form of penalties awarded by courts/ authorities in foreign countries and consequently loss of market share of corporate.

Multiple Laws, Regulations, Factors, Internal Policies (e.g. HR policy) are guiding your business in complex & continuously changing the business environment. Sitting in the Board of Directors meeting without understanding these requirements and need for Insurance policies is the minimum requirement from anyone to make value addition in the Board Room. In short, the participant will be adding knowledge in 7 hours for which he/she may need 95 hours of study on the Internet.

## Certificate

Certificates will be issued to the participants on completion of this Training Programme.

## About the Organizer

**Insurance Foundation of India (IFI)** is set up under Trust Registration Act 1882 of Government of India as a Not-for-Profit Organization. The main objective of IFI is to promote awareness of Insurance among masses. IFI has successfully organized various Executive Development Programmes/ Skill development Programmes of International standards in India and abroad with world-class faculty.

Under CSR project supported by PNB MetLife India Insurance Company Ltd we produced a Film “**Khushiyon Ki Suraksha**” for spreading awareness of insurance in rural areas.

It is available on <https://www.youtube.com/watch?v=hzbADulcWuU> Our project “**Bima Jagrukta Abhiyan**” has been awarded Skoch Award as one of the 100 top Projects undertaken in India during 2016. We are approved under 80G of the Income Tax Act 1961. IFI will be pleased to be associated with CSR Project to be undertaken by you.

The best part of the Training Programmes being organized by us is that faculty comprises of those, who have up to date knowledge of working in Insurance Companies, Insurance Brokerage Firms, Insurance Surveyors & Loss Assessors, Law Firms or they are Insurance Buyers. This results in the sharing of practical and up to date knowledge by all stakeholders and hence up gradation of the skill in Indian Insurance Industry. This aspect is being highly appreciated in social media on global basis and now Insurance Foundation of India is rated as the top NGO in Insurance Training in the country and that too without any Government support.

IFI got international appreciation when it organized a 2 Days Extensive International Training Programme on “**Crop Insurance**” in New Delhi. There was a tremendous response from Foreign Regulator, Insurance Companies, Insurance Brokerage Firms, State Government Agriculture Ministry Officials (who buy insurance), Micro Finance Companies, Reinsurers, Media, Agricultural Analysts, Technology Companies. In addition to participants from all over India we had the proud privilege of having participants from all over India and from various countries such as **Jordan, Kenya, Sri Lanka and Nepal.**

In association with Professional Advancement Bangladesh Ltd. (PABL) and Green Delta Insurance Co. Ltd., Insurance Foundation of India successfully organized 2 Days Programme in Dhaka (Bangladesh) on in 2019 on “**Transmitting Global Knowledge for Promoting Crop Insurance in Bangladesh**”.

Our effort towards reducing Insurance Frauds in the country and our project “**India Needs Insurance Fraud Control Act**” is widely appreciated. We look forward for the support of Insurance Companies to support us so that this major project results in discussion, approval by the parliament and implementation of the Act, as a replacement of outdated IPC.

We are sure that reduction of frauds will result in support to genuine insurance buyers. The profitability of the insurance industry will increase, and penetration of insurance as % of GDP will reach greater heights.
